Importance: High

Hi Carolyn

I've spoken to our online team and unfortunately they are unable to amend the booklet. They have opened it up and had a look but if they tried to make the amend it would result in the whole formatting being changed so it will need to go back to the designer unfortunately or be placed on the web as is.

Sorry we couldn't be more help. If you need any further assistance, please let me know

Thanks
Amy

Hi Amy

As discussed, the author of the attached document as corrected a spelling mistake but now the pdf when printed comes out with the first page at a different angle to the rest of the pages. We would like to it to print consistently before we put it on the web, but I can't edit the document on my computer. Any internal assistance would be great rather than waiting for the author to get it fixed AGAIN.

Ta
