

Volunteer Grants 2015 – Item Categories

In Volunteer Grants 2015 applicants are required to select the Item Categories that match the items you wish to buy. Each category lists examples of eligible items that are usually bought with Volunteer Grants funding. The examples are intended as a guide only to help you select the most appropriate category. If a specific item is not listed, select the category that most closely matches the item to be bought.

Volunteer Grants funding can only be spent on eligible items. Further information about eligible and non-eligible items are outlined in the *Volunteer Grants 2015 Funding Round Summary, Statement of Requirements* section.
