East Arnhem Regional Council	Angurugu aged care facility enclosure	Mungkadinamanja flexible aged care service has recently commenced overnight respite. As the community of Angurugu, in which it is located, is a potentially volatile community East Arnhem Regional Council is requesting funding to facilitate the enclosure of the residential end of the facility to ensure the security of staff and clients during the night when they are most at risk.	East Arnhem	\$75,000
East Arnhem Regional Council	Ramingining Aged Care Facility Upgrade	This proposal from the East Arnhem Regional Council is for an upgrade to the remote Ramingining aged care facility.	East Arnhem	\$400,000
East Arnhem Regional Council	Gapuwiyak Aged care Facility Upgrade	This proposal from the East Arnhem Regional Council is for an upgrade and maintenance work on the Gapuwiyak aged care facility. This project will assist the council in continuing to provide aged care in this remote region.	East Arnhem	\$950,000
General Practice Training Tasmania Inc.	Dementia Care Training and Education Program (DCTEP)	This project involves the delivery of tailored training in dementia care, primarily to overseas trained doctors. Practice nurses in dementia care settings across Tasmania will also be targeted.	Tasmania - organisation based in Hobart	\$669,500
Great Lakes Council	Healthy Carers Project	Proposed strategies of this project include; engaging an Occupational Therapist to develop a Healthy Carer Individual Risk Management Plan to support carers and identify needs; linking the carer to a range of Ageing and Disability Services activities and technology programs; enhance partnerships with Alzheimer's Australia link into carers programs, and link carers to counselling and other services.	Mid-North Coast, NSW	\$125,000

Australian Government
Department of Social Services

Great Southern Institute of Technology	Caring for Carers	This project will deliver 6 workshops in regional communities of Western Australian to provide carers with information on available services and how to access them and to provide carers with information to support them in their caring roles.	Great Southern Region of WA	\$28,095
Greek Orthodox Community of St George Brisbane	Mazi (meaning together) Project	This Project will focus on three activities to improve the skills and knowledge of carers of older CALD persons, especially in response to the specific carer needs within targeted CALD communities of Greek, Lebanese, Arabic and Russian.	Brisbane, Gold Coast, Logan, Ipswich, Toowoomba, Sunshine Coast - organisation based in South Brisbane	\$352,000
Guide Dogs for the Blind Association of Queensland	Carers' Educational Workshops and Counselling Support	The rehabilitation counselling provides support and resources for carers to help them remain in control and make the care process more manageable. Caring for a blind or vision impaired Senior can be a lonely and frustrating job at times.	QLD - Brisbane, Ipswich, Gold Coast, Toowoomba, Sunshine Coast, Bundaberg, Hervey Bay, Gladstone, Rockhampton, Mackay, Townsville, Cairns and Atherton Tablelands, Mount Isa and Kingaroy	\$375,745
Halls Creek Peoples Church Incorporated	Upgrade of Facility and Equipment to better suit the needs of residents	Upgrade equipment of the residents (including: beds, mattresses, wheel chairs, footstools, bed tables, princess chairs, commode showers, air cons, gas heaters, solar hot water heaters and lifters). The other funds are to be used for re-painting the facility, improving lifestyle services and upgrading the kitchen equipment.	Halls Creek, WA	\$358,000

<p>La Trobe University</p>	<p>Advancing practice in the care of people with dementia, the Dementia Training Study Centres (DTSC) national practice improvement program.</p>	<p>This project will deliver a program of education and support to aged care providers to facilitate knowledge transfer and practice improvement in the care of people with dementia in four critical care areas: Environmental design, Sexuality and dementia, Medication management, Responding to behavioural and psychological symptoms of dementia (BPSD).</p>	<p>Nationwide - organisation based in Melbourne</p>	<p>\$184,800</p>
<p>Latrobe Community Health Service Inc</p>	<p>The CARE (Carer Awareness, Respite and Education) Program</p>	<p>This project aims to reduce the premature movement into permanent care of people with dementia and the frail aged, by addressing carer fatigue and building carer resilience. The project proposes to conduct education and peer support groups delivered over six weeks at three programme sites (Morwell, Traralgon and Moe). These will include Aboriginal and Torres Strait Islander specific groups, and groups for carers from culturally and linguistically different backgrounds. Two aged care community forums are also planned for the Latrobe region to disseminate information about the My Aged Care programme; and other activities including linking carers to existing respite events additionally comprise the project.</p>	<p>Latrobe valley - Gippsland, VIC</p>	<p>\$264,659</p>
<p>Macular Disease Foundation Australia</p>	<p>Eye Health and Age-related Macular Degeneration (AMD) - A Guide for Residential Aged Care Facilities</p>	<p>Eye Health and Age-related Macular Degeneration (AMD) - A Guide for Residential Aged Care Facilities.</p> <p>This project will be a collaboration between Macular Disease Foundation Australia (MDFA) and Cook Care Group Pty Ltd (Cook Care) to reduce the incidence and impact of vision loss associated with Age-related Macular Degeneration (AMD) in residential aged care facilities in Australia.</p>	<p>Nationwide - organisation based in Kent St, Sydney</p>	<p>\$274,450</p>

Australian Government
Department of Social Services

<p>Monash University</p>	<p>Improving injury prevention for residents living in aged care services</p>	<p>This project aims to improve the quality of life of vulnerable older people living in Residential Aged Care Services (RACS) throughout Australia by addressing the gaps in knowledge and skills gaps that continue to allow the preventable harm.</p> <p>The project will be a new program of translational research using outcomes from medico-legal death investigations in RACS.</p>	<p>Nationwide - based in Melbourne</p>	<p>\$801,132</p>
<p>Multicultural Centre for Women's Health Inc</p>	<p>Dealing with it myself. Multilingual education and support for CALD working carers</p>	<p>This project aims to support working carers from CALD communities to manage their multiple responsibilities, combining paid work with caring for elderly parents and family members. The project will improve the physical health, psychological well-being and social connectedness of CALD working carers through the development and broad dissemination of tailored resource kits, the delivery of peer education sessions, and the establishment of ongoing working carer support networks.</p>	<p>Victoria (organisation based in Collingwood, VIC)</p>	<p>\$275,002</p>
<p>Multicultural Communities Council of Illawarra Incorporated</p>	<p>Illawarra - Shoalhaven Carers Support program for CALD communities</p>	<p>This project aims to establish specific carer support groups facilitated in languages other than English that will improve carers' awareness of referral and resource pathways and government programmes, with particular focus on dementia care support and services.</p>	<p>Illawarra</p>	<p>\$400,150</p>

<p>Music Broadcasting Society of Queensland Limited</p>	<p>Silver Memories Nostalgia Radio Service into Bundaberg</p>	<p>The project involves a 12 month trial broadcasting the Silver Memories radio service into 6 not-for-profit aged care homes in Bundaberg, Qld (616 residents including 88 in secure dementia units). The Silver Memories radio service is a 24/7 nostalgia radio station that plays music from the 1920s to 50s, including old radio serials. Silver Memories has been used in aged care services as a non-pharmacological tool to address wandering and agitation in older people with dementia.</p>	<p>Bundaberg, QLD</p>	<p>\$150,000</p>
<p>Nganampa Health Council Inc</p>	<p>Capital Works Upgrade Tjilpiku Pampaku Ngura</p>	<p>This project will use funding to complete a major capital works upgrade for Tjilpiku Pampaku Ngura (TPN), an Indigenous flexible aged care facility located in Ernabella (Pukatja) community on the Anangu Pitjantjatjara Yankunytjatjara (APY) Lands in remote SA. TPN provides respite and residential aged care for Anangu over 50 years of age who reside in the APY Lands region. The upgrade is required to address the insufficient space, increase bed numbers and address the many OH&S issues due to space constraints and deteriorating infrastructure.</p>	<p>APY Lands - remote SA</p>	<p>\$1,291,380</p>
<p>Northern Peninsula Area Regional Council</p>	<p>Mobilizing Northern Peninsula Area Aged Care Clients</p>	<p>Project funds will purchase vital equipment, including mobility aids, to help enable aged care clients from across the Northern Peninsula Area (NPA) to participate in Aged Care Centre based activities, outings, appointments and to provide assistance during transport to Thursday Island, Cairns or Brisbane for medical appointments and/or treatment. Some equipment will be based at the centre and some available for free client home use.</p>	<p>Northern Peninsula (Cape York Peninsula), Far North Queensland</p>	<p>\$10,000</p>

Australian Government
Department of Social Services

<p>Pastoral and Spiritual Care of Older People (PASCOP) Incorporated</p>	<p>The Australian National Guidelines for Spiritual Care in Aged Care Project</p>	<p>The project aims to develop and evaluate National Spiritual Care Guidelines that can be used in residential care and home care settings to provide spiritual care and support to older people and their families/representatives. The guidelines will have applicability for a range of users including pastoral care workers, staff, volunteers and health professionals.</p>	<p>nationwide - organisation based in Parkville, VIC</p>	<p>\$413,474</p>
<p>Queensland University of Technology</p>	<p>CogChamps Using Cognition Champions to embed a new model of care for hospitalised older patients with cognitive impairment.</p>	<p>The project targets delirium in older people with dementia in the acute hospital setting. The aim is to increase identification and assessment of delirium and dementia, decrease development of delirium and its duration on any onset, and embed appropriate practices into hospital procedures.</p>	<p>Brisbane</p>	<p>\$311,619</p>
<p>Royal District Nursing Service Limited</p>	<p>Promoting inclusive health care - Implementing a framework to support diversity in aged care</p>	<p>The project proposes to develop and deliver a Diversity Education Program for community aged care workers, based on the World Health Organisation standards for equity in healthcare and incorporating the organisation's proprietary Diversity Conceptual Model.</p>	<p>nationwide - head office is in St Kilda, Victoria</p>	<p>\$692,003</p>
<p>Senses Australia</p>	<p>Ending the Isolation</p>	<p>This project will assist those working in the aged care sector to identify when an individual has a combination of a vision and hearing impairment with whom they are working, and to provide education and resources to these workers, to minimise the impact of this isolating disability on this growing population. Resources will be developed to raise the awareness of combined vision and hearing impairment in the elderly and provide support and education to those who have been identified via aged care workers, and resources will be available online.</p>	<p>Nationwide - organisation based in Burswood WA</p>	<p>\$726,331</p>

<p>Southern Adelaide Local Health Network Incorporated</p>	<p>Establishing an Antimicrobial Stewardship Program in Residential Aged Care Facility</p>	<p>This project will establish an antimicrobial stewardship program in a residential aged care facility, and will be implemented in partnership with Southern Cross Care (SA & NT) Incorporated. It will trial the program in a single facility by establishing a team comprising a lead nurse, pharmacists, consultant physician in infectious diseases and a general practitioner to manage antimicrobial prescribing treatments, and will audit, educate and evaluate results from the surveillance of resistance and sensitivity patterns in cultures collected from residents.</p>	<p>Adelaide South</p>	<p>\$880,000</p>
<p>Southern NSW Local Health District</p>	<p>A person centred volunteer program to improve the care and outcomes for older people with dementia and/or delirium in acute settings</p>	<p>This project aims to recruit and train volunteers to provide one-to-one practical assistance and emotional support for people with dementia and/or delirium admitted to rural and regional hospitals. Expanding a pilot volunteer program at Bega Hospital, the project will replicate the program across 7 Southern NSW Local Health District hospitals. ACSIHAG funds will support the rollout by employing project officers at each site to establish the program and support volunteers during implementation. After the program is embedded, ongoing support and volunteer coordination will be assumed by the LHD. The Volunteer Program offers significant potential savings for the acute care setting and significant benefits to patients with dementia and their carers. Since this model of care is replicable, sustainable and low cost, it could be adapted across various healthcare settings and geographical environments to improve the care of people with dementia in hospital.</p>	<p>Moruya, Batemans Bay, Goulburn, Crookwell, Yass, Cooma, Queanbeyan - Chief Executive based in Queanbeyan</p>	<p>\$691,473</p>

Australian Government
Department of Social Services

St John Ambulance Australia South Australia Inc	Flourishing Life Project - Living a life of value in old age	This project aims to empower the lives of older people who are experiencing social isolation and exclusion due to increasing frailty, chronic disease and disability.	Adelaide	\$477,590
Suncare Community Services Inc	Carers Rock with Suncare	This project will support and empower carers of elderly Queenslanders and carers who themselves are elderly. This will occur through a concurrent and carer-targeted, four-phase strategy implementation over the three-year funding period.	Brisbane, Sunshine Coast - head office on the Sunshine Coast	\$165,000
The Chermside & District Senior Citizens Centre Inc	Muscling-up against disability in older adults with home care packages - Implementing an evidence-based progressive resistance training service model of care.	This project will evaluate evidence-based Progressive Resistance Training (PRT) as a service delivery option for community-dwelling older adults with home care packages. This will be done via a scientifically designed and controlled research study with a randomly selected group of target participants. Program delivery will run in conjunction with community and allied health marketing to raise consumer and provider awareness. A procedure manual will be developed. Results of the project will be presented at national and international conferences and manuscripts submitted for publication in peer-reviewed journals.	Brisbane, Moreton Bay - org based in Chermside, QLD	\$1,208,452

The Flinders University of South Australia	Developing the multicultural workforce to improve the quality of care for residents.	With the ageing of multicultural Australia, a growing number of residents in residential aged care are from culturally and linguistically diverse backgrounds and have diverse care needs. Similarly, the workforce is increasingly diverse posing both challenges and opportunities for quality care for residents. This project will work with staff at four sites to develop and implement a multicultural workforce development model and training package to support implementation of the model to provide culturally appropriate high quality care to residents.	Adelaide and south east South Australia	\$566,574
The University of Queensland	Early needs identification of aged care clients in acute care	The proposal will create an early warning and response system for all older patients who are admitted to acute care, thus integrating case finding and good aged care practice into the program of general care.	QLD and VIC - organisation based in St Lucia, QLD	\$777,296
Umoona Aged Care Aboriginal Corp	Purchase of a JCB G90QX Three Phase Diesel Generator for back up power supply at Umoona Aged Care residential facility.	The applicant has requested a one-off capital grant in 2015 to install a backup diesel generator, which is cited to be independent of Coober Pedy electrical supply and potential/ occasional power outages. The applicant is a client of the DSS National ATSI Flexible Aged Care Programme, and cites 15 Elders accommodated on a permanent basis at the centre (and increasing nursing equipment / security / fire / cooking backup need). The facility is also cited as including a day centre for community clients and family/ carers visiting for laundry and amenities. The facility also includes the corporation main offices.	Coober Pedy	\$47,000

Australian Government
Department of Social Services

Umoona Aged Care Aboriginal Corp	Resident accommodation accessibility - resident doorway upgrade	The activity is a one off grant to install two new doors at the Centre in 2015, following a similar one-off grant in previous year to install two doors. Claims are made for two aged Elders improved ingress/ egress from Accommodation rooms 1 and 2, and to support fire standards and staff WHS.	Coober Pedy	\$57,000
Umoona Aged Care Aboriginal Corp	Umoona Aged Care Facility - car park upgrade	This project proposes to provide services to aged Aboriginal and Torres Strait Islander people and people living in remote areas. This will be achieved with the building of a separate covered, secure staff carpark, in order to ease current general carparking and client access.	Coober Pedy	\$109,200
University of the Sunshine Coast	Care Coordination through Emergency Department, Residential Aged Care and Primary Health Collaboration (CEDRiC)	The aim of tjos project is to strengthen the capacity of the aged care sector to deliver high quality aged care, to improve care for older adults in the ED and improve interaction between the RACF and both primary and secondary healthcare sectors.	Sunshine Coast	\$1,046,903
Wami Kata Old Folks Home Inc	Special Equipment Purchases to meet resident needs	The project is requesting funds for the purchase of care equipment needed to ensure that continued quality care services provided to residents remains high. These items include specialized air mattresses and covers used to prevent pressure area wounds, wheelchairs, shower/commode chairs and power recliners for all residents with mobility difficulties in the sitting room.	Port Augusta	\$22,000

Wami Kata Old Folks Home Inc	Provide support services to people working in Aboriginal Aged Care populations	This project will see provision of information on cultural care practices and safety, values and beliefs, and customs related to death and dying delivered to registered and enrolled nurses, overseas trained nurses, aged care and other TAFE SA students and medical and allied health students with learning placements at Wami Kata and Pika Wiya Aboriginal Health Service. Under the project, staff will be further trained in the areas of mentoring and supervising, and will develop a program to be delivered to other aged care providers who have Aboriginal people in their care.	Port Augusta	\$25,200
Willoughby City Council	Time to Grow	Time to Grow will use a garden share model to encourage social cohesion, reduce social isolation and promote healthy ageing. The project will build on the unique and changing demographics of Willoughby LGA, matching volunteers from our newly developed high density accommodation with our more established older long term residents who live in separate dwellings with gardens they struggle to maintain and use.	NSW - Chatswood, Artarmon, Lane Cove, St Leonards, Naremburn, Willoughby, Castle Cove, Northbridge	\$139,490
