## Venezuela-born

### Historical Background

Though small numbers of Venezuela-born have migrated to Australia since the 1960s, they are relatively new migrants to Australia as the majority arrived in Australia after 2005. Most came as skilled migrants, possibly over uncertainty of economic conditions in Venezuela.

### Today

#### **Geographic Distribution**

The latest Census in 2011 recorded 3404 Venezuela-born people in Australia, an increase of 121.2 per cent from the 2006 Census. The 2011 distribution by state and territory showed New South Wales had the largest number with 1196 followed by Victoria (727), Queensland (577) and Western Australia (450).

Refer to Figure 1.

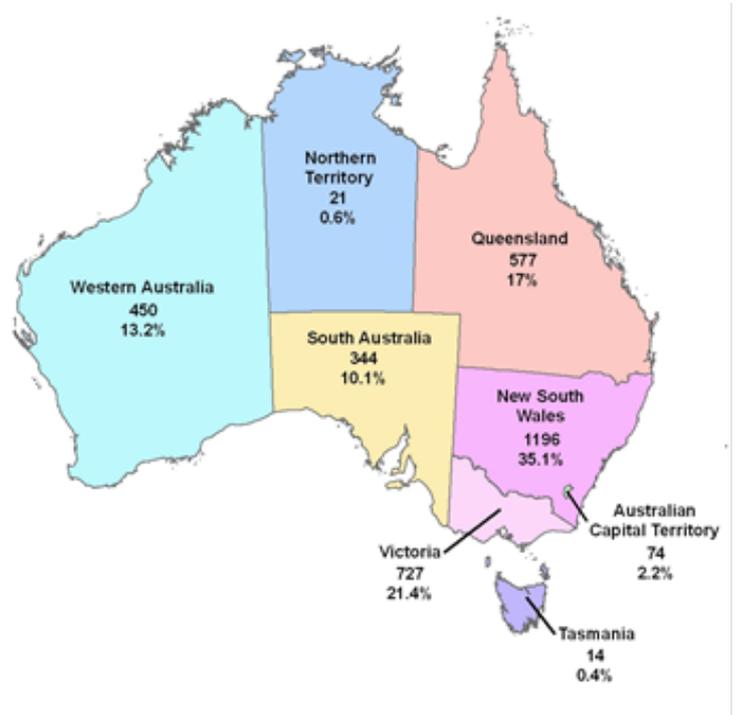

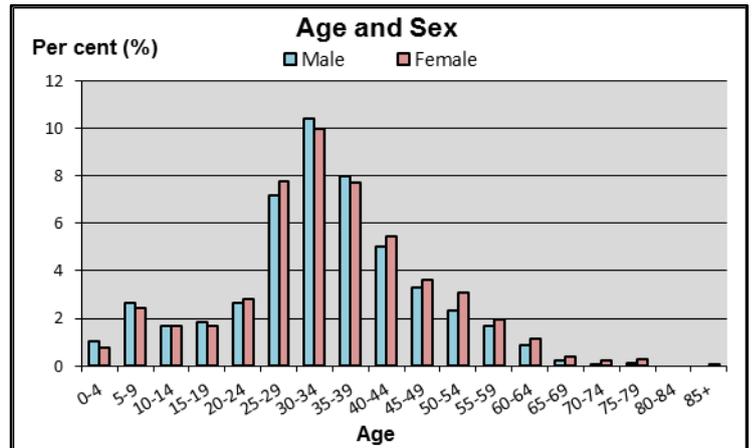

Figure 1

### Age and Sex

The median age of the Venezuela-born in 2011 was 33 years compared with 45 years for all overseas-born and 37 years for the total Australian population.

The age distribution showed 10.3 per cent were aged 0-14 years, 9 per cent were 15-24 years, 61.4 per cent were 25-44 years, 17.9 per cent were 45-64 years and 1.4 per cent were 65 years and over.

Of the Venezuela-born in Australia, there were 1666 males (48.9 per cent) and 1738 females (51.1 per cent). The sex ratio was 95.9 males per 100 females.

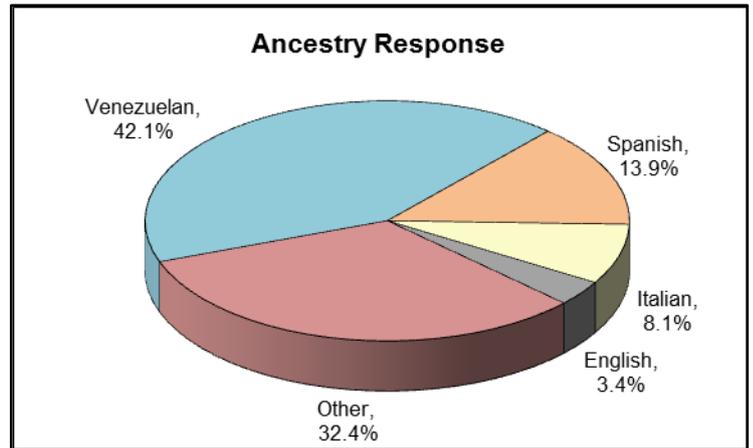

### Ancestry

In the 2011 Census, the top ancestry responses\* that Venezuela-born people reported were Venezuelan (1690), Spanish (558) and Italian (326).

In the 2011 Census, Australians reported around 300 different ancestries. Of the total ancestry responses\*, 2206 responses were towards Venezuelan ancestry.

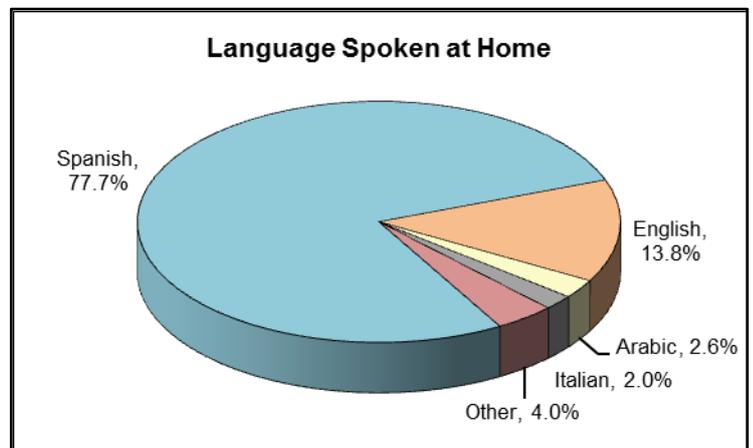

\*At the 2011 Census up to two responses per person were allowed for the Ancestry question; therefore providing the total responses and not persons count.

### Language

The main languages spoken at home by Venezuela-born people in Australia were Spanish (2645) and English (469).

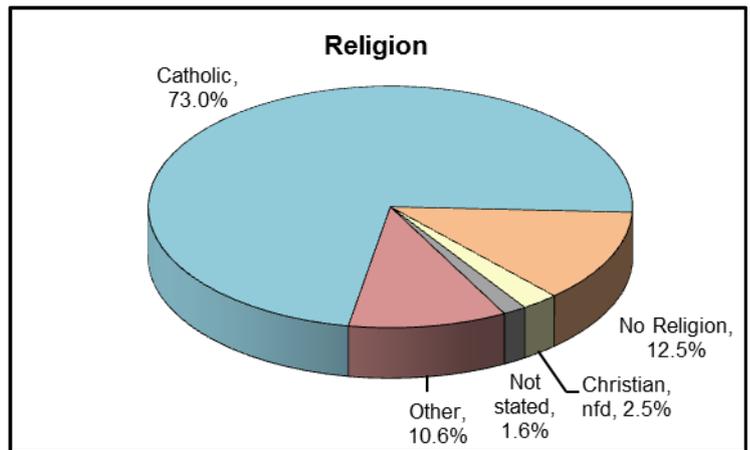

Of the 2939 Venezuela-born who spoke a language other than English at home, 93.4 per cent spoke English very well or well, and 6 per cent spoke English not well or not at all.

### Religion

At the 2011 Census the major religious affiliations amongst Venezuela-born were Catholic (2484) and Christian, nfd (84).

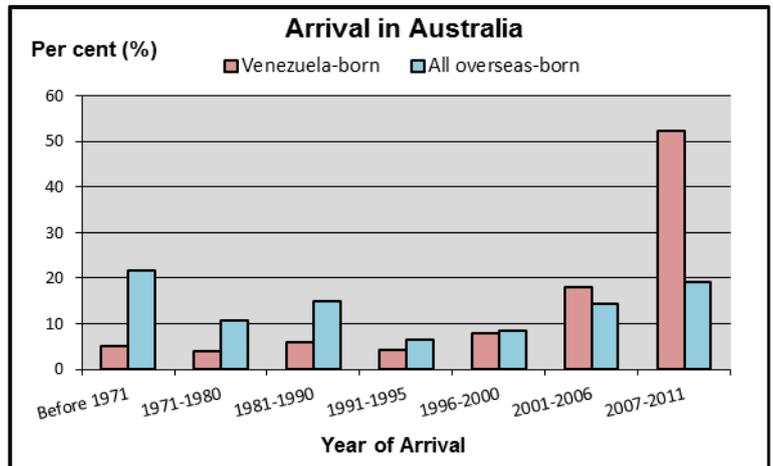

Of the Venezuela-born, 12.5 per cent stated 'No Religion' which was lower than that of the total Australian population (22.3 per cent), and 1.6 per cent did not state a religion.

### Arrival

Compared to 62 per cent of the total overseas-born population, 27.1 per cent of the Venezuela-born people in Australia arrived in Australia prior to 2001.

Among the total Venezuela-born in Australia at the 2011 Census, 18 per cent arrived between 2001 and 2006 and 52.1 per cent arrived during 2007 and 2011.

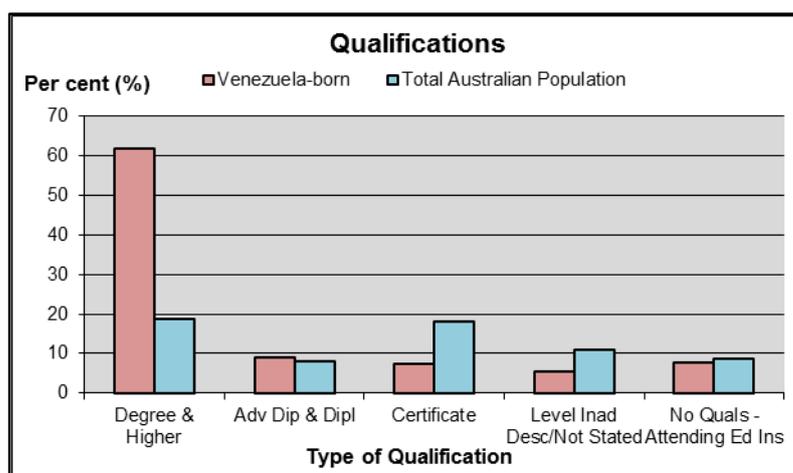

### Median Income

At the time of the 2011 Census, the median individual weekly income for the Venezuela-born in Australia aged 15 years and over was \$689, compared with \$538 for all overseas-born and \$597 for all Australia-born. The total Australian population had a median individual weekly income of \$577.

## Qualifications

At the 2011 Census, 83.7 per cent of the Venezuela-born aged 15 years and over had some form of higher non-school qualifications compared to 55.9 per cent of the Australian population.

Of the Venezuela-born aged 15 years and over, 7.7 per cent were still attending an educational institution. The corresponding rate for the total Australian population was 8.6 per cent.

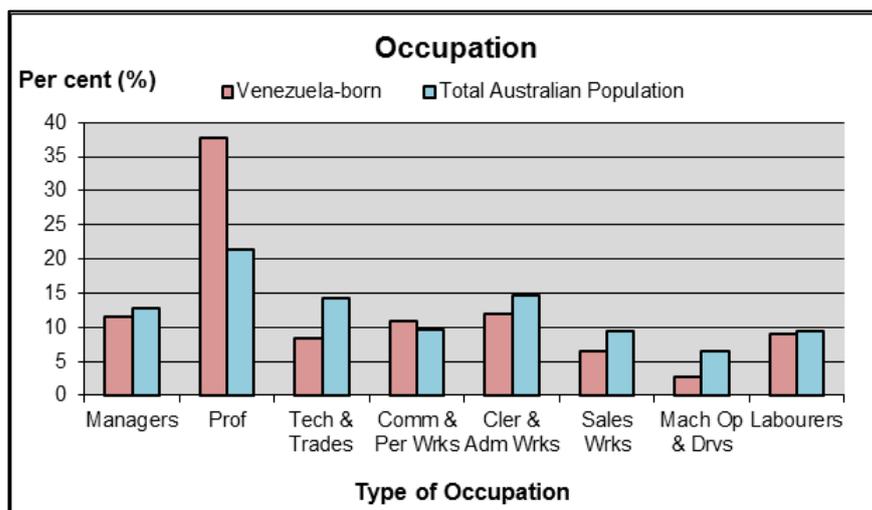

*Level Inad Desc/Not Stated* = Education level inadequately described or not stated  
*No Quals - Attending Ed Ins* = No qualifications and still attending educational institution

## Employment

Among Venezuela-born people aged 15 years and over, the participation rate in the labour force was 79.8 per cent and the unemployment rate was 8.7 per cent. The corresponding rates in the total Australian population were 65 per cent and 5.6 per cent respectively.

Of the 2217 Venezuela-born who were employed, 57.6 per cent were employed in either a skilled managerial, professional or trade occupation. The corresponding rate in the total Australian population was 48.4 per cent.
