Are you interested in how other organisations measure their outcomes and impact?

Introducing Vanguard Laundry Services. Vanguard is a social enterprise delivering commercial laundry services to Toowoomba and surrounding areas in Queensland.

Vanguard helps people with a lived experience of mental health by providing employment and career development support to help staff transition to other paid jobs within the community.

Vanguard partnered with the Centre for Social Impact on their approach to measuring their outcomes and impact. They have used this information to engage investors and to improve and grow their business.
