

Labour Market and Related Payments

a monthly profile

Note: The Australian Bureau of Statistics (ABS) produces the official unemployment statistics. The figures contained in this publication are different from the ABS unemployment figures as the ABS and the Department Social Services (DSS) use different definitions to identify the unemployed and different methods of counting (see the Appendix for more information).

This publication can be found on the Department of Social Services website at [DSS - Labour Market and Related Payments Publication](http://www.dss.gov.au/lmrp) (<http://www.dss.gov.au/lmrp>).

Introduction

This publication presents statistical information on a monthly basis for the various types of labour market payments delivered by the Department of Human Services (DHS) on behalf of the Department of Social Services (DSS). This publication was produced previously by the Department of Education, Employment and Workplace Relations (DEEWR).

This publication covers Newstart (NSA) and Youth Allowance (other) (YA(o)) in some detail, and to a lesser extent, Partner Allowance (PA), Widow Allowance (WA), Youth Allowance (Full Time Student)(YA(FTS)) and Youth Allowance (Australian Apprentices) (YA(a)).

Table 1 provides information on the total number of NSA and YA recipients. The YA population is broken down into YA(o), YA(FTS) and YA(Australian Apprentices) categories. The total numbers of PA and WA recipients are also provided in this table.

Tables 2 and 3 show the derivation of the NSA and YA(o) job seeker populations (see the reference to job seekers in the ‘Comparability of data’ section of the Explanatory Notes). These populations are added together to derive the total number of job seekers.

Tables 4 to 8 provide information on the total job seeker population.

When using time series figures, it is important to note that changes have occurred over time to the conditions of eligibility for different payments. Details of these changes are provided in the Explanatory Notes.

All media inquiries should be directed to the DSS Media Team at media@dss.gov.au. For more general inquiries regarding further statistical information please refer to the last page of this publication for other contact details.

The next issue of this publication is scheduled for release on 1 May 2019.

Notes:

SA3 data is derived using the Australian Statistical Geography Standard (ASGS 2011) from the Australian Bureau of Statistics.

Note: Individuals who live overseas, individuals who are without a valid home address and individuals who only have a postal address cannot be assigned to a locational boundary. These numbers may be represented as 'Not Recorded'. State/territory totals derived from SA3 data will not match state and territory totals reported elsewhere in this publication, due to different statistical geography methodologies.

Data in this table are rounded monthly averages.

In order to protect individuals' privacy, populations less than 5 for specific Statistical Areas are reported as "<5" and other data that would allow these populations to be derived are reported as not available "na".

Explanatory Notes

Introduction

This publication provides monthly statistical information on DSS labour market and related payments delivered by DHS. These Explanatory Notes provide details of the scope and methodology of the publication, as well as the policy changes which have affected the data since the publication was introduced in December 1995 by the then Department of Social Security.

Prior to December 1995, this publication was titled the *Monthly Job Search and Newstart Allowance Statistics*.

Scope

The primary focus of the publication is to provide information on unemployed people on Newstart Allowance and Youth Allowance, with a particular focus on the total number of job seekers. The numbers of people on Partner Allowance and Widow Allowance are also reported.

Methodology

Data in this publication relate to the average number of people who are both eligible (e.g. meet 'unemployed' qualification) and entitled (e.g. meet income and assets criteria) to receive a payment calculated over a reference month. Averages are calculated using figures collected for each Friday throughout the reference month.

Table 1 provides information on the total number of unemployed people on Newstart Allowance and Youth Allowance. The Youth Allowance population is split into Youth Allowance (full-time students), Youth Allowance (Australian Apprentices) and Youth Allowance (other) categories. Numbers of people on Partner Allowance and Widow Allowance are also provided.

Tables 2 and 3 provide a summary of the Newstart Allowance and Youth Allowance (other) populations and show the derivation of the respective job seeker populations (see the reference to job seekers in the Comparability of Data section of these Explanatory Notes). These populations are added together to derive the total number of job seekers. Tables 4 to 8 provide information on the total job seeker population.

The Statistical Areas Level 3 reported in Table 7 are based on the recipient's geo-coded address against the Australian Statistical Geography Standard (ASGS) 2011.

The earnings data in Table 8 (a and b) is derived using a different methodology from that of the other tables in the publication. Table 8 is based on the population of job seekers who are eligible for and entitled to receive Newstart Allowance or Youth Allowance (other) at the end of the second last week in the month. The data obtained from this table will not be directly comparable with those calculated using monthly averages in other tables.

Payment History

Youth Allowance

The maximum age for Youth Allowance (other) was increased for new claimants from 20 to 21 years of age from 1 July 2012 and the income free area was increased to \$143.

From 1 January 2016, to receive Youth Allowance (other) young people without a Year 12 or equivalent qualification (Certificate III) will need to participate in :

- approved full-time study, or
- a combination of 25 hours a week of approved part-time study and part-time work , or
- other approved activities of 25* hours per week, in addition to up to 20 job searches each month (noting that it is * 15 hours a week for early school leavers with a partial capacity to work or who are principal carer parents and have part-time requirements)

until they attain Year 12 or equivalent, or a Certificate III, or turn 22 years of age.

Earn or learn arrangements were phased in, applying from 1 July 2009 to all new recipients of Youth Allowance and from 1 July 2010 for all job seekers in receipt of Youth Allowance prior to 1 July 2009.

From 1 July 1998 Youth Allowance was introduced to provide income support to young people, including students, those looking for work, and those who are sick. Youth allowees may be undertaking full-time study, full-time job search or a combination of approved activities. Some young people will be exempt from the activity test because of their personal circumstances, e.g. illness, homelessness or major personal crisis. The Youth Allowance replaced:

- AUSTUDY for 16-24 year olds (and certain 15 year olds);
- Newstart Allowance for 16-20 year olds (and certain 15 year olds);
- Youth Training Allowance for 16-17 year olds (and certain 15 year olds);
- Sickness Allowance for 16-20 year olds (and certain 15 year olds); and
- More-than-minimum rate Family Payment for secondary students aged 16-18 not getting AUSTUDY.

Special provisions applied for 18 to 20 year olds who were already on Newstart or Sickness Allowance at the date of announcement of Youth Allowance, and who remained on payment when Youth Allowance commenced on 1 July 1998. This group were able to remain on their existing payment and retain their existing benefits.

Youth Allowance had a significant downward effect on Newstart Allowance numbers from July 1998 and total job seeker numbers due to the parental means test.

Newstart Allowance

On 1 January 2013, grandfathering provisions ceased for Parenting Payment recipients who had been receiving payment prior to 1 July 2006 and had a youngest child aged 6+ years (partnered recipients) or 8+ years (single recipients). The change caused a large one-off increase in the number of Newstart Allowees, as previously grandfathered Parenting Payment recipients who were eligible transferred to Newstart Allowance.

On 1 July 2012, the qualification age for Newstart Allowance was increased for new claimants from 21 to 22 years of age.

From 1 July 1998, Newstart Allowance for 16-20 year olds (and certain 15 year olds) was replaced by Youth Allowance. Young people aged 18 to 20 years old who were on Newstart or

Sickness Allowance at the date of announcement of Youth Allowance and when Youth Allowance commenced on 1 July 1998, were able to remain on Newstart Allowance.

From 20 October 1996, Job Search Allowance and Newstart Allowance were combined into one payment - Newstart Allowance - which was payable to eligible recipients aged 18 years and over and to some people who were in receipt of Job Search Allowance and aged under 18 at 31 December 1994 (see Job Search Allowance).

Prior to 20 October 1996, Newstart Allowance was payable to eligible persons over 18 years who had been registered as unemployed with the Commonwealth Employment Service (CES) for 12 months or more.

Job Search Allowance

From 20 October 1996, the payment was combined with Newstart Allowance to form one payment called Newstart Allowance (see *Newstart Allowance*). All Job Search Allowance recipients were transferred to Newstart Allowance.

Sickness Allowance

From 17 March 1996, persons in receipt of Newstart Allowance or Youth Training Allowance who became temporarily incapacitated no longer transferred to Sickness Allowance after 13 weeks. This change had the effect of increasing total Newstart Allowance/Youth Training Allowance figures but did not affect job seeker figures as those recipients who were incapacitated were excluded from the Newstart and Youth Training job seeker populations.

Under current arrangements, these recipients remain on their existing payments but are exempt from the activity test for the duration of their medical certificates. People who become unemployed because of illness, and those who suffer a potential loss of income due to sickness, are paid Newstart Allowance because they are unemployed.

Sickness Allowance for 16 to 20 year olds (and certain 15 year olds) was replaced by Youth Allowance, which was introduced on 1 July 1998 (see *Youth Allowance*).

Partner Allowance

From 20 September 2003, Partner Allowance was closed to new claimants. People on Partner Allowance before this date can remain on the allowance while they remain 'current', that is retain eligibility and entitlement for the allowance.

From 1 July 1995 Partner Allowance has only been granted to persons who are dependent partners of pensioners and allowees and who were born before 1 July 1955, have no dependent children and have little or no recent workforce experience. Other dependent partners have to qualify for an income support payment in their own right, such as Newstart Allowance. Partner Allowance was introduced in October 1994, and was paid to partners of persons receiving Job Search Allowance, Newstart Allowance, Sickness Allowance or Special Benefit if certain eligibility criteria were satisfied.

Youth Training Allowance

Youth Training Allowance was replaced by Youth Allowance on 1 July 1998 (see *Youth Allowance*).

Widow Allowance

Widow Allowance was closed to new claimants from 1 July 2018. From 1 July 2005 Widow Allowance new grants may only be made to women born on or before 1 July 1955.

Widow Allowance, introduced on 1 January 1995, is payable to females aged 50 years or over who have become widowed, divorced or separated since turning 40 years (50 prior to 20 March 1997), if they meet a number of other criteria relating to current marital status and recent work experience.

Mature Age Allowance

From 20 October 2003, Mature Age Allowance was closed to new claimants. The payment ceased by October 2008.

Mature Age Allowance was introduced on 24 March 1994, and was paid to long-term unemployed persons aged 60 years and over (but below Age Pension age) who had been receiving income support for 9 months or more and who were eligible for Newstart Allowance. The introduction of Mature Age Allowance had a downwards effect on Newstart Allowance numbers from April 1994 until October 2003.

Comparability of Data

There have been significant changes to the data presented in this publication due to a number of events. The main changes are:

- the method of counting recipients;
- the inclusion of some CDEP recipients in the total recipient numbers;
- the introduction of Youth Allowance in July 1998;
- the way 'job seeker' is defined;
- the way duration is calculated;
- the eligibility for Newstart Allowance and Youth Allowance (other) from July 2012;
- the cessation of grandfathered Parenting Payment provisions, which saw an increase in the number of Newstart recipients in January 2013; and
- the introduction of *jobactive*, an employment services model with a stronger focus on job search, which replaced Job Services Australia on 1 July 2015.

People using this data to construct time series should note the following comments.

Definition of Recipients

From July 2002, the number of people receiving labour market and related payments reports recipients who are both eligible and entitled to receive a payment. These recipients are otherwise known as 'current' recipients.

Revised historical data (using this methodology) from May 1998 to June 2002 is in the July 2002 publication.

Due to improved data sources, data from July 2003 has slight differences from the recipient numbers used in previous editions.

Before July 2002, all recipients who received a payment within a given fortnight were counted. From mid 1998, recipients who received a ‘one-off’ payment were excluded. One-off payments can occur, for instance, when a normal payment is interrupted (e.g. payment is cancelled and then restored within that pay period) and a portion of the normal payment is paid.

Community Development Employment Projects (CDEP)

From 20 March 2000, eligible participants in CDEP started receiving CDEP participant supplement and other add-ons, such as rent assistance, as part of income support payments. This added a number of new recipients to those eligible for payments reported in this publication. Community Development Employment Projects (CDEP) ceased on 30 June 2015.

Introduction of Youth Allowance

The sum of the number of Newstart Allowees and Youth Training Allowees prior to July 1998 is broadly comparable with the sum of Newstart Allowees and Youth Allowees (other) after July 1998, other than the inclusion of Sickness Allowees in the Youth Allowance (other) population.

There is greater comparability between total Newstart Allowance and Youth Training Allowance job seekers prior to July 1998 and total Newstart Allowance and Youth Allowance (other) job seekers after July 1998. This is because the Sickness Allowance group is excluded from the job seeker total.

A pre and post July 1998 comparison will reflect the exclusion of some 18 to 20 year old unemployed people due to the application of the Youth Allowance parental means test (see the *Youth Allowance* section under Payment History).

Job seekers

From July 2009, all recipients with job search requirements are classified as job seekers in this report.

Prior to 1 July 2009, some people with another activity (such as training) in addition to job search were classified according to that other activity and not as job seekers. Other people who were receiving Intensive Support Customised Assistance under Job Network arrangements were classified as job seekers although they may not always have been undertaking job search.

From July 1998, the definition of job seekers excludes all people who did not receive a payment due to their own and/or their partner’s income, or where applicable, parental income, and those known not to be required to search for work.

Before July 1998, job seekers excluded allowees who did not receive a payment, allowees who were incapacitated, and allowees who were undertaking training. Some people who were not required to search for work were classified as job seekers, including people undertaking full-time voluntary work, people on jury duty and pregnant women around the time of the birth of their child.

Duration

Duration refers to duration on income support and includes time spent on other income support payments.

Since May 1998, duration has been defined according to the time a recipient spends on income support - short-term recipients are those who have been on income support for up to 12 months and long-term recipients are those who have been on income support for 12 months or more.

Prior to 1998, duration was defined according to the time a recipient was registered as unemployed - short-term recipients were people who were registered as unemployed for up to 12 months and long-term recipients were people who were registered for 12 months or more.

Glossary

Activity test status

The activity that a Newstart Allowance or Youth Allowance (other) recipient has agreed to undertake in order to meet the activity test. To satisfy the activity test recipients must be actively seeking and willing to take up work or undertaking activities to improve their employment prospects.

Age

Age in years at time of data collection.

Area Support Office

The term Area Support Office was replaced by Service Zone in July 2011.

Community Development Employment Projects (CDEP)

Community Development Employment Projects (CDEP) ceased on 30 June 2015.

The CDEP program was administered by the Department of Social Services. Reforms to CDEP were introduced from 1 July 2009. Operating mainly in remote areas, the CDEP program aimed to help unemployed Indigenous Australians to find and keep jobs. Under the CDEP program, there were two main ways ('streams') that CDEP providers assisted Indigenous Australians: Work Readiness Services help individuals to develop their skills, improve their chances of getting a job, and move to work outside of the CDEP program; and Community Development focused on supporting and developing Indigenous communities and organisations.

CDEP Participant Supplement (CPS)

The CDEP Participant Supplement (CPS) is payable to eligible CDEP participants. It can be paid fortnightly or as a 12 weekly payment. Community Development Employment Projects (CDEP) ceased on 30 June 2015.

Customer Service Centre

Customer Service Centre was replaced by the term Service Centre in July 2011.

Did not receive a payment

Persons who did not receive a payment due to their own income and/or that of their partner, or parents, where applicable. This group is often referred to as 'zero paid'.

Fortnightly earnings

Amount of income earned, derived, or received by a person for the person's own use or benefit in the previous fortnight.

Incapacitated

A person on Newstart Allowance or Youth Allowance (other) who has an activity test status indicating they are temporarily ill or incapacitated. Refer to the entry for Sickness Allowance in the Explanatory Notes.

Job seeker

A person on Newstart Allowance or Youth Allowance (other) who would usually be engaged in job search. See Explanatory Notes for definition and history.

Long-term recipients

Persons who have been receiving income support for 12 months or more. Duration of long-term recipients can be reset to zero if they exited from payments for more than 13 weeks.

Newstart Allowance (NSA)

Newstart Allowance is payable to eligible unemployed persons aged 22 years and over (but below Age Pension age) who satisfy the activity test. See Explanatory Notes for history.

Partner Allowance (PA)

From 20 September 2003, Partner Allowance was closed to new claimants. People on Partner Allowance before this date can remain on the allowance while they remain 'current', that is retain eligibility and entitlement for the allowance.

Partner Allowance was for dependent partners of pensioners and allowees. Partners had to be born before 1 July 1955, have no dependent children and have little or no recent workforce experience. Partner Allowance had no job search requirement. See Explanatory Notes for history.

Service Centre

A DHS Service Centre that provides DSS and other payments and related information and services to recipients. Service Centres are managed by Service Zones. Reporting by Service Centres and Service Zones was replaced in July 2017 with Statistical Areas Level 3.

Service Zone

A set of Service Centres, grouped together for operational purposes on a geographic basis. Service Zones replaced Areas and Area Support Offices in July 2011. Reporting by Service Centres and Service Zones was replaced in July 2017 with Statistical Areas Level 3.

Short-term recipients

Persons on Newstart Allowance or Youth Allowance who have been receiving income support for less than 12 months. Duration of short-term recipients can be reset to zero if they exited from payments for more than 6 weeks.

Statistical Areas Level 3

Statistical Areas Level 3 are derived using the recipient's geo-coded address against the Australian Statistical Geography Standard (ASGS) of 2011, produced by the Australian Bureau of Statistics (ABS). For further details, see the ABS website: [ABS Statistical Geography](http://www.abs.gov.au/websitedbs/D3310114.nsf/home/Geography?opendocument#from-banner=LN) <<http://www.abs.gov.au/websitedbs/D3310114.nsf/home/Geography?opendocument#from-banner=LN>>

Widow Allowance (WA)

Widow Allowance was closed to new claimants from 1 July 2018. From 1 July 2005 Widow Allowance new grants may only be made to women born on or before 1 July 1955.

Widow Allowance, a non-activity tested payment, is payable to females aged 50 years or over who have become widowed, divorced or separated since turning 40 years if they have little or no recent work experience and meet a number of other criteria relating to current marital status. See Explanatory Notes for history.

Youth Training Allowance (YTA)

From 1 January 1995 eligible persons aged under 18 years who were registered as unemployed with the CES were paid Youth Training Allowance. From 1 July 1998, Youth Training Allowance was replaced by Youth Allowance. See Explanatory Notes for history.

Youth Allowance (YA)

Youth Allowance is payable to eligible full-time students aged 16 to 25 years, and to eligible unemployed persons aged 16 to 21 years who satisfy the activity test. Note, there are certain exceptions for some 15 and 25 year olds. See Explanatory Notes for history.

Youth Allowees may be undertaking full-time study, full-time job search or a combination of approved activities. Some young people will be exempt from the activity test because of their personal circumstances, e.g. illness, homelessness or major personal crisis. See the Explanatory Notes for more information.

To receive Youth Allowance young people under 22 years of age without a Year 12 or equivalent qualification will usually need to:

- participate in education and training full-time; or
- participate full-time (that is, for at least 25 hours a week) in part-time study or training, in combination with other approved activities, until they attain Year 12 or an equivalent Certificate Level II or above qualification.

Youth Allowance (other)

Youth Allowance recipients who are not full-time students or full-time Australian Apprentices.

Comparisons Between DSS Unemployment Labour Market Payment Numbers And ABS Labour Force Unemployment Statistics

Official statistics

Official unemployment statistics are released by the Australian Bureau of Statistics (ABS). The ABS uses definitions recommended by the International Labour Organization which have been accepted internationally as the most appropriate for the compilation of official statistics of unemployment.

ABS definition

The ABS unemployment statistics measure the number of persons who, for a particular reference period, did not undertake any paid work, were actively looking for work and were available to start work.

DSS Unemployment Labour Market Payment Statistics

The labour market payment statistics give the number of persons who are both eligible and entitled to receive Newstart Allowance or Youth Allowance (other). The criteria for receipt of these payments do not match those the ABS uses to determine whether a person is classed as unemployed or employed for statistical purposes.

Differences

Care should be taken when comparing the ABS labour force and DSS labour market payment data. There are a number of reasons why the two series cannot be directly compared.

Duration

Both DSS and the ABS classify long-term duration as over 12 months, but use substantially different definitions of duration:

DSS measures duration of **income support**. This includes not just time on unemployment benefits but time on any income support payment.

The ABS measures length of time **unemployed** using their unemployment definition.

DSS unemployed recipients can have breaks without payment and still be classified as long-term income support recipients:

- Recipients who do not receive a payment due to their earnings can have up to 12 weeks without a payment before they are automatically cancelled. This reduces disincentives to accept short-term work.

- Long-term recipients can have 13 weeks off payment after payment is cancelled and keep their long-term status if they return to income support. This means they keep access to assistance such as the higher payment rate for recipients over 60.

For the ABS statistics, any hours of work for a period as short as two weeks count as a break from unemployment and so are enough to reset a person's unemployment duration.

The difference between these two concepts, together with the fact that DSS recipients are able to have ongoing part-time work (see 'employment' below) mean that many unemployed recipients remain classified by DSS as long-term recipients when they would be classified as short-term unemployed under the ABS definition.

Seasonal adjustment

The ABS produces a seasonally adjusted series. The DSS labour market payment numbers data are not seasonally adjusted.

Classification

The ABS classifies a person as unemployed if he or she is aged 15 years and over, was not employed during the week before the interview, has actively looked for full-time or part-time work and is available to start work. From February 2004, people who had not actively looked for work because they were waiting to start a job within four weeks are also classified as unemployed.

The Newstart Allowance and Youth Allowance (other) series generally count people who are eligible for and entitled to receive a payment aged over 15 years and under Age Pension age.

Employment

Newstart Allowance and Youth Allowance (other) recipients may be employed part-time, but within an income test limit; the ABS classifies a person as "employed" if, among other things, he or she has worked for one hour or more during the survey period.

Timing

The timing of collections of the series are different:

- DSS reports monthly average numbers of people both eligible for and entitled to receive Newstart Allowance and Youth Allowance (other). These monthly averages are calculated using figures collected for each Friday throughout the reference month.
- ABS numbers are based on a sample survey which interviews occupants of selected dwellings covering around 0.33% of the total Australian population. These persons are generally interviewed during the two weeks beginning the Sunday between the 5th and 11th of each month and the information obtained relates to the week before the interview takes place.

Treatment of partners

The ABS series includes unemployed persons whose spouse is working, irrespective of income, whereas Newstart Allowance and Youth Allowance (other) recipients are subject to an income and assets test for themselves and their spouse.

Pensioners

The ABS series includes persons being paid a pension but looking for work (e.g. sole parents in receipt of Parenting Payments looking for work).

Non job seekers

The overall Newstart Allowance and Youth Allowance (other) series includes persons who are not required to undertake jobsearch. These persons are separately identified in Tables 2 and 3, and have then been excluded in subsequent tables. These people may be undertaking training, the development of self-employment opportunities, full-time voluntary work or a combination of voluntary and part-time work which excludes them from jobsearch obligations. They may also be incapacitated or have another temporary exemption from jobsearch.

Waiting periods

The ABS series includes persons who are serving a waiting period before being granted Newstart Allowance or Youth Allowance (other), or whose allowance was deferred.

Survey

The ABS figures are derived from a Labour Force Survey which is a sample survey, whereas the DSS statistics are a complete count of those both eligible for and entitled to receive Newstart Allowance and Youth Allowance (other).
