In some circumstances, the operator may authorise the department to make the payment to another person's bank account (this must be done in writing). Such authorisation does not have the effect of transferring ultimate responsibility for the proper use of the monies.

Suitability of an Applicant to operate a child care service

In assessing an application, the Secretary is guided by rules that a child care service must satisfy in order to become approved for the purposes of the Family Assistance Law. These rules are outlined in *The Child Care Benefit (Eligibility of Child Care Services for Approval and Continued Approval) Determination 2000*.

These rules state that the applicant must be a **suitable person** to operate a child care service. In making the assessment, the Secretary may consider the applicant's:

- c) **any person** connected with the applicant's previous, current or proposed Key Personnel, who affects, or is likely to affect the operation of the service by the operator.

Applicant's Personnel

Key Personnel includes anyone who participates directly or indirectly in the decision making or management of the child care services or the legal entity that operates the child care service (i.e. the organisation that is the approved operator for CCB purposes). The types of Key Personnel are listed in the application.

Authorised Persons are nominated by the applicant or Key Personnel and have permission to perform a range of interactions with the department. A list of interactions that an Authorised Person can perform is outlined in the application.

Service Contacts have permission to discuss family fee reduction entitlement and Child Care Management System (CCMS) transaction processing results with the department. They can notify the department of non-financial contact details. A list of interactions that a Service Contacts can perform is in the application.

The person operating the service will have final responsibility for the following matters:

- assisting the department recover any debts of the service under the Family Assistance Law

- maintaining the records required by the Family Assistance Law

IMPORTANT: You should be aware that you are not guaranteed approval of your application. You may advise families that you are seeking approval to operate for the purposes of CCB. However, you should also be aware that families who use your service during this time may not be eligible for CCB/CCR.

Families' eligibility for CCB/CCR will not be confirmed until your application is successful.

What date would you prefer to start offering CCB at this service?

HELP TEXT: The date you request to be approved to administer CCB at this service will likely reflect the date you commenced or will commence operating the service. While this date will represent your preference, consideration of a request by a child care service to backdate CCB approval is only made if the service was considered by the department to be compliant with State Regulations and CCB approval conditions. The date cannot be more than six months prior to this application being submitted.
