Background

These Guidelines outline the Provider's responsibilities and required actions in regard to assessing a Participant's Ongoing Support requirements and the subsequent provision of Ongoing Support.

The policy intent of Ongoing Support

Ongoing Support Assistance is available to Disability Employment Services (DES) Participants who have achieved a 26-week Employment Outcome or a Work Assist Outcome, are currently Employed, and who require the services of the Provider to maintain their Employment. The Provider will work with the Participant and their Employer to enable the Participant to maintain their current sustainable Open Employment.

For Participants that have achieved a 26-week Employment Outcome and require Ongoing Support, the Provider must refer the Participant to their Initial Ongoing Support Assessment (OSA) as soon as possible.

For Participants that have achieved a 26-week Employment Outcome but do not require Ongoing Support, the Participant will remain in Post Placement Support as they work toward a 52-week outcome. If the Participant's circumstances change and they subsequently require Ongoing Support as they are tracking toward a 52-week outcome, the Provider should move the Participant into Ongoing Support.

It is not appropriate for a person to remain in Ongoing Support for the sole purpose of providing assistance to access services available under the Employment Assistance Fund (EAF). A person is able to access assistance from the EAF without needing to be participating in DES. It is also not appropriate to

provide a level of Ongoing Support that is not sustainable and is likely would not be sustainable by another DES Provider upon transfer.

The Provider must work flexibly with the Participant, delivering an individual program of Ongoing Support that helps the Participant to retain their current Employment. It is expected a majority of this Support will be on-the-job assistance.

The Job Plan must accurately reflect the assistance being provided.

The Provider is responsible for delivering the appropriate level of required Ongoing Support to an eligible Participant, or transferring them to another DES Provider that is able to provide the Ongoing Support.

Ongoing Support is not available to Participants who achieve an Education Outcome. The Department's IT Systems will automatically exit a Participant after the achievement of a 26-week Education Outcome.

Participants that enter Ongoing Support from 1 July 2018 must work, on average, at least eight hours a week in order to maintain Ongoing Support eligibility. Participants receiving Ongoing Support prior to 1 July 2018 do not need to meet the eight-hour minimum.

Ongoing Support for Work Assist Participants

If the Provider determines that Ongoing Support is required to retain a Work Assist Participant's Employment after a 26-week Outcome, the Provider must refer the Participant for an OSA before moving the Participant into Ongoing Support. The Provider cannot move the Participant into Ongoing Support until the OSA has a recommendation for a Level of Ongoing Support.

Ongoing Support Fees

Flexible Ongoing Support

Flexible Ongoing Support is paid on a fee-for-service basis for each Instance of support over four hours. Providers cannot claim an Instance of Flexible Ongoing Support after the Participant has been in Ongoing Support for 28 days until an OSA has confirmed the Participant's Ongoing Support needs.

A maximum dollar cost applies for Flexible Ongoing Support, equivalent to six Instances of support in any six-month period. Once six Instances of Flexible Ongoing Support have been claimed within a 26-week period, the Provider must arrange for an OSA to determine:

- if a higher level of support is required, or
- a further period of Flexible Ongoing Support is more appropriate.

Moderate and High Ongoing Support Fees

Ongoing Support Fees are paid monthly (by default) or quarterly, in arrears. Providers that move a participant into Ongoing Support will be able to claim the first monthly payment without an OSA confirming the Participant's Ongoing Support needs. If the Initial OSA has not been completed when the next Moderate or High Ongoing Support Fee falls due, it will not be available to claim. To avoid any delays to Ongoing Support Fees, the Department encourages Providers to organise an OSA as soon as possible.

At least one contact must fall within the monthly claimable period in order for each claim for payment to be made. The minimum Contacts must be made over three consecutive Monthly Ongoing Support claims or per Quarterly Ongoing Support claim.

Transitional Arrangements – for Participants with an Anchor Date before 1 July 2018

Where a Participant achieves a 26-week outcome with an Anchor Date before 1 July 2018, the Provider can:

- move the Participant into Ongoing Support; or
- Exit the Participant as an Independent Worker.

These Participants will generate Ongoing Support Fees quarterly (by default) or monthly. Their first OSA is due 52 weeks from the Anchor Date, unless a DES - Disability Management Service (DMS) Participant requires Moderate and High Ongoing Support, which requires a Change of Circumstances Reassessment.

Some Participants may require more job search assistance, while other Participants may require little or no job search assistance. The approach needs to be tailored to the individual Participant’s needs. In this context, there is no set minimum amount of job search assistance.</p> <p>When tailoring the amount of job search assistance required, DES Providers must take into consideration the Participant’s assessed level of Ongoing Support. As a guide, the maximum amount of job search assistance should not exceed 25% of Ongoing Support Contacts required to be delivered to the Participant.</p>

Who is Responsible:	What is Required:
	<p>Where the Participant requires the one-off job search assistance, this should be delivered as soon as possible to increase the Participant's likelihood of obtaining new sustainable employment (after up-skilling their qualifications and or skills). The allowable duration needs to be tailored to individual Participant's needs. In this context, there is no set allowable duration for the delivery of this one-off job search assistance.</p> <p><i>Note:</i> The support provided must have been required by the Participant to maintain and/or retain the Participant's Open Employment, Unsubsidised Self-Employment, Apprenticeship or Traineeship.</p> <p>The Participant's requirement for support that does not qualify as Ongoing Support could include, but is not limited to:</p> <ul style="list-style-type: none"> • Contacts provided that are not required to retain or maintain a Participant's current Open Employment; • job search activities (except in the circumstance where up-skilling of the Participant's qualifications and or skills has been completed and recorded in the Job Plan); • subcontracting arrangements unless approved by the Department; • time spent by staff at staff meetings; • staff training; and • staff administration. <p>Flexible Ongoing Support (DES - DMS and DES - ESS Participants)</p> <p>The Provider can provide a maximum of six Instances of Flexible Ongoing Support to a Participant in any 26 calendar week period.</p> <p>An Instance can cover an accumulated number of smaller contacts, or a single instance of more intensive support (for example, visiting the workplace to adjust equipment). An Instance is contact/s that equate to a minimum of four hours of service.</p> <p><i>Note:</i> Flexible Ongoing Support will be funded on a 'fee for service' basis. Program Providers may claim a maximum of six Instances of support over a six-month period. Once six Instances have been reached, a new Change of Circumstances OSA must be allocated to determine if a different level of support is required.</p> <p>Moderate and High Ongoing Support</p> <p>Participants assessed as requiring Moderate or High Ongoing Support require high levels of support and will require frequent contact depending on individual needs to successfully maintain their Open Employment. DES Providers should include the agreed Contact schedule in the Participant's Job Plan.</p> <p>Mode of Contacts</p> <p>Pursuant to clause 93.5 of the Disability Employment Services Grant Agreement, where the Provider is required to provide a Contact for Participants receiving Ongoing Support (as specified in Table 1 clause 93.1), all three levels of Ongoing Support Contacts can be delivered:</p> <ul style="list-style-type: none"> • face-to-face;

Contacts via instant chat and email will contribute to Ongoing Support servicing.</p> <p>Please refer to the <i>Job Plans Guidelines</i> and Attachment C for more information.</p> <p>Changing Levels of Ongoing Support</p> <p>A Provider may change the level of Ongoing Support if the Participant requires less or more support. Changing levels can be done in the following circumstances:</p> <ul style="list-style-type: none"> • If an OSA is in place, then the Provider may change the Ongoing Support level at or below the Assessor’s recommended level. This may be done where a change in circumstances means that a Participant may need a higher level of Ongoing Support. This situation may arise where: <ul style="list-style-type: none"> – a Participant's circumstances change significantly (for example, more than six Instances in six months are required in Flexible Ongoing Support); and – the Provider decides the Participant would benefit from a higher level of support; – the Provider decides that a Participant has Ongoing Support needs where the OSA has previously recommended Post Placement Support • If no OSA is in place then the DES – ESS Provider may initially determine the level that best suits the needs of the Participant • If the Participant is working toward a 52-week Outcome (where the Anchor Date is on or after 1 July 2018), and no longer requires Ongoing Support, the Provider should move the Participant back into Post Placement Support. <p>Each change in level must be discussed and explained to the Participant.</p> <p><i>Note:</i> Changing the levels of Ongoing Support must be in the best interests of the Participant and must not be done to maximise Ongoing Support Fees.</p> <p>Break in current Employment</p>

Who is Responsible:	What is Required:

Attachment A – Table 1 - Minimum Contacts

Type of Participant	Minimum Contacts
All Participants (excluding Work Assist Participants)	Initial Interview
	Six Contacts over each period of three months for Participants receiving Employment Assistance and Extended Employment Assistance.
	Regular Contacts, as deemed appropriate by the Provider, for Participants receiving Post Placement Support.
	Initial Interview for a New Program when a Participant moves from Disability Employment Services – Disability Management Service to Disability Employment Services – Employment Support Service or vice versa.
	As required, for Participants receiving Flexible Ongoing Support.
Work Assist Participants.	Initial Interview
	Regular Contacts, as deemed appropriate by the Provider, during the Period of Service.
Disability Employment Services – Employment Support Service Participants only (applicable to Disability Employment Services – Employment Support Service Providers only)	Six Contacts over each period of three months for Participants receiving Moderate Ongoing Support.
	Twelve Contacts over each period of three months for Participants receiving High Ongoing Support.

Note 1: The timing and duration of Contacts is not specified but will depend on the individual circumstances of each Participant, as determined by the Provider.

Note 2: There are no minimum number of Contacts specified for Participants who are receiving Flexible Ongoing Support.

Attachment B - Documentary Evidence for Ongoing Support File Assessments

If the Provider determines that Ongoing Support is necessary for a Participant to retain their Open Employment, they will need to retain documents that demonstrate the level of Ongoing Support provided to the Participant that could be considered relevant to an Ongoing Support Assessment (OSA).

At a minimum, the evidence that assessors will require from the DES Participant's file includes:

- details of the frequency of support;
- number of contacts;
- amount of hours of support; and
- specific support strategies organised, delivered and/or purchased, including internally or externally from third party Providers by the Provider (excluding items claimed under the EAF and Work Based Personal Assistance) in the last 12 months to address identified vocational and non-vocational barriers that directly related to maintaining their employment

Information from the Department's IT Systems could include (but is not limited to):

- details of instances of Flexible Ongoing Support;
- details of contacts recorded, including the date, time and method of contact;
- support provided by the Provider in response to issues raised during these contacts; and
- details of the Participant's Job Plan

Other evidence supplied could include (but is not limited to):

- reports (such as the ESAt) and assessments from doctors or other professionals;
- invoices and receipts;
- file assessments completed by the Provider;
- observation records;
- information from interviews with the Participant, and/or other stakeholders including parents, advocates, employers and supervisors;
- file notes that detail the date and time of each interview or phone conversation, including the reason for the contact;
- file notes that detail the progress made by the Participant to overcome past barriers to working independently since the Employment Placement or the last OSA; and
- templates developed by DES Providers to collect and record documentary evidence to support Ongoing Support Assessments (the use of such templates contributes to the consistency of evidence collection).

All relevant evidence provided will be considered by the Ongoing Support Assessor to determine the Ongoing Support level recommendation. There are no pre-determined weightings.

The following is a guide for DES Providers to assess the Ongoing Support needs for their Participants and to assist with appropriate and comprehensive documentation that will be required by the Ongoing Support Assessor.

Past barriers

Specific details of the Participant's past barriers to working independently since the Employment Placement or since the last OSA has been discussed and documented.

Impact of barriers

Information about the perceived impact of the Participant's barriers in relation to the Participant's work duties since the Employment Placement or since the last OSA.

Past and current Ongoing Support

The nature, frequency and amount in hours of support provided since the Employment Placement or since the last OSA to address the past barriers.

Specific details of the Ongoing Support strategies organised, delivered, or purchased internally or externally from third party Providers by the Provider from its own funds to address the Participant's past barriers and their impact on work duties since the Employment Placement or since the last OSA.

Progress

Information (from the Provider's perspective) in relation to the progress made by the Participant to overcome the past barriers since the Employment Placement or since the last OSA.

Current and future barriers

Information about the DES Participant's current and future barriers to existing employment that the Provider perceives as requiring Ongoing Support.

Future Ongoing Support

The nature, frequency and amount in hours of support likely to be needed in the future to address the identified ongoing barriers to employment.
