Performance Summary

The National Rental Affordability Scheme (NRAS) is an Australian Government initiative, working in partnership with the states and territories, to stimulate the supply of new affordable rental homes. Successful NRAS applicants are eligible to receive a National Rental Incentive, drawing together Commonwealth and state or territory contributions for each approved home where they are rented to eligible low and moderate income households at a rate that is at least 20 per cent below the prevailing market rates.

^ The requirements around the provision of location data of proposed allocations have been relaxed to allow participants to provide only the postcode when applying under certain application rounds. The postcode information may relate to new developments and suburb level information is not available at the time of running the monthly performance report. Therefore, some suburb locations may not be reported in this report.
