Partnership Priorities Committee

Date: 7 May 2026

The Partnership Priorities Committee (Committee) met for the second time in 2026 to discuss the following matters.

Working in place

The Committee discussed the opportunities to progress a consistent government approach to place-based partnership in identified locations and an approach for articulating how philanthropic investment can complement government efforts in place-based work.

Principles for APS Engagement with Business

The Committee endorsed principles to strengthen how the APS engages and collaborates with Australian businesses to improve policy and service delivery outcomes and discussed the approach to embedding these across the APS.
