Caveats

1. Data is point in time as at 04 December 2020. Data refers to recipients on payment and combined fortnightly payment instalment amounts as at the reporting date. It does not represent the total number of recipients or combined payment amounts across the 2019-20 financial year or 2020 calendar year.

2. Data captures individuals overseas on the reporting date and either paid under one of Australia's international social security agreements or absent from Australia long-term (more than 26 weeks) and paid under Australia's domestic portability legislation.

3. Data reflects country of location. This does not necessarily equate to country of residence.

4. 'Unspecified' refers to individuals with a location outside of Australia that was not declared to Services Australia.

5. 'Various countries' refers to individuals who were overseas on 04 December 2020 with no distinct recorded location. This can include individuals in transit or moving between locations through activities such as touring or cruising.

6. Countries with very small recipient populations (<5 recipients) have been aggregated to protect individuals' privacy.

Caveats

1. Data is point in time as at 31 December 2024. Data refers to recipients on payment and combined fortnightly payment instalment amounts as at the reporting date. It does not represent the total number of recipients or combined payment amounts across the 2023-24 financial year or 2024 calendar year.

2. Data captures individuals overseas on the reporting date and either paid under one of Australia's international social security agreements or absent from Australia long-term (more than 26 weeks) and paid under Australia's domestic portability legislation.

3. Data reflects country of location. This does not necessarily equate to country of residence.

4. 'Unspecified' refers to individuals with a location outside of Australia that was not declared to Services Australia.

5. 'Various countries' refers to individuals who were overseas on 31 December 2024 with no distinct recorded location. This can include individuals in transit or moving between locations through activities such as touring or cruising.

6. Countries with very small recipient populations (<5 recipients) have been aggregated to protect individuals' privacy.
